

The Torrance Y-Wives group will meet at 9:30 a.m. tomorrow

for modern dancing under the direction of Miss Ann Douglas. A craft class working on figure line painting and jewelry making will meet at the same time. Both the craft and dancing groups are always open to new members. A small fee is charged. Child care is provided for pre-schoolers. For information call the YWCA at 2320 West Carson street.

LOCAL SCOUTS GIVEN HONOR

Twenty-two boys, representing four patrols of Torrance Boy Scout Troop No. 214, were in attendance at the camporee held the week-end of May 1 and 2 at the mineral wells camp in Griffith park. Over 400 Boy Scouts from the Harbor District attended the two-day encampment and enjoyed a full program of scouting activities.

Torrance Troop No. 241 was honored by having its flag selected as the district banner. The color guard, under the direction of Senior Patrol Leader Mike Gonta, consisted of Chuck Williams, Ned Morang and Butch Cowan.

All four patrols from Troop No. 241 won the warrior award for scoring 400 or more points out of a possible 600 in the various scouting skills. The Apache patrol was judged best in Troop No. 241.

Religious services were held Sunday morning for all troops and the remainder of the day was spent in hiking or contests between the various troops. The boys returned to their homes early Sunday evening.

Weekly Meetings Set By Norsteens

The North Torrance Teen club, also known as the Norsteens club, has been meeting every Monday evening at 7:30 p.m. at MacMaster Recreation building, 174th and Yukon. All teens from 13 to 15 years of age interested in making application may fill out a form at one of these regular meetings, it was disclosed.

Norsteens members representing their club at the 10th annual SCYA Spring Conference in Gardena last week were Pat Webb, president; Joy Lovvener, treasurer; Charles Morris, Richard Gerardo, Ron Trout, Judy Breitenfelt, Leota Pierce, Dave Ladd, Richard Murphy, Judy Ingalls, and directors Barbara Billings, and Les Breitenfelt.

Robert Finch Seeks More Post Offices

Robert H. Finch, 17th District Congressional candidate, stated this week that he is meeting with Senator Thomas H. Kuchel to discuss the application of the Federal Public Hearings Act, under which new post office and other public buildings may soon be constructed.

Both the Senate and House of Representatives have passed legislation on the subject, and will start point committee sessions soon to iron out differences.

P-TA Festival Set Tomorrow

Installation of officers will take place today when the 232nd Place P-TA meets. The Spring Dance Festival will be held tomorrow, Friday, May 14, at which time the children will entertain with various types of dancing.

The recent open house held by 232nd Place was a great success, according to members. It was reported that the children did an excellent job of escorting their parents and visitors through the twelve rooms, explaining and demonstrating the work of the past year. After the tour, refreshments were served under the supervision of Mrs. Kenneth Madison.

There's a RIGHT SIZE in automatic gas water heaters, too

So when you replace yours, remember to—

- 1 Choose an automatic gas water heater big enough to supply the oceans of hot water required by a growing family, an automatic washer and a dishwasher.
- 2 Choose a make and model that carries a 10-year warranty plan. This assures quality!
- 3 Insist on GAS! Because gas heats water three times faster and costs less!

It's so easy to be HOT WATER HAPPY with GAS

Live better, spend less with GAS SOUTHERN CALIFORNIA GAS COMPANY

King Asks For Aid to Shipyards

Strong federal action to protect local shipyards and shipyard workers from "serious economic dislocation" has been demanded in a resolution submitted to Congress by Rep. Cecil R. King of the 17th District. It was announced today.

"Continued inaction will endanger national defense and the economic well-being of the shipping industry," the Congressman warned.

King's resolution (H.R. 513) stressed that private ship and construction repair yards in California are declining in activity "so rapidly that the degree of future activity remains doubtful." He stated further that national defense is impaired by this reduced activity since well dispersed yards are necessary to form a mobilization base in an emergency.

CONSTIPATION STOMACH GAS RELIEF IN 20 MINUTES ENJOY A TRIAL TREATMENT \$3

People come to my office for treatments from all parts of Southern California as well as all parts of America and foreign countries. Why? Because I practice the New Yorker Technique—a scientific method.

Treatments, in my office, are given under the direct supervision of doctors licensed by the State of California especially trained for this type of therapy.

The doctor is assisted at all times by nurses and supervisors that are especially trained to administer this type of treatment. These nurses are schooled and trained regardless of their previous nursing experience.

Perhaps this is the reason that my office has given more than 725,843 various treatments, the largest institution of its kind in the world.

Lawyers, judges, priests, clergymen, doctors, nurses, famous celebrities, pensioners, even unemployed—visit my office and are treated for practically all of the ills of mankind. Why? Because people with asthma, heart trouble, blood pressure, high, low; skin disorders and many other ailments respond to these treatments—"as if by magic."
